OVERVIEW

Situated on the island's scenic Seven Mile Beach, Marriott wanted to update this renowned luxury resort with a bright and airy modern style. MAAPS Design and Architecture used the resort's Summer House theme to define serene guestrooms and suites, including ombré walls that blend turquoise into sand tones. Bernhardt Hospitality crafted beautiful custom casegoods and seating for the 295 rooms. The unending views of the Caribbean Sea just outside offered inspiration for washed wood tones, pale blue textiles, and shell-colored stone. Guestroom furnishings include microfridge units, beds, seating, and wall mount TV panels. Bernhardt Hospitality also crafted bunk beds for the Family Suites and sleeper sofas for the Ocean Suites that offer separate living spaces.

- Chic and relaxed ocean-side style
- Inspired by the nostalgia of summer
- Upscale island resort design
- Trip Advisor Travelers Choice Hotel
