

# Worry-free outdoor living for years of great memories.

Sunbrella® fabrics are woven to last through years of entertaining, spilled drinks and sticky fingers.

Create a welcoming and comfortable outdoor space, unfazed by nature and made to last. Sunbrella outdoor fabrics are easy to clean, UV protective, and resistant to fading, stains, mold, and mildew. Our fabrics do the heavy lifting, so you can take pleasure in worry-free outdoor living.

## **Weather Resistant**

Engineered to withstand Mother Nature, Sunbrella fabrics are long-lasting and resist the damaging effects of sun, rain, snow, and humidity.

## **Easy to Clean & Stain Resistant**

With a proprietary finish that won't wash away, Sunbrella fabrics repel stains. When life happens, blot spills with a clean, dry cloth and use mild soap and warm water to remove.

## **Fade & UV Resistant**

Unlike ordinary fabrics with dyes added to the surface, Sunbrella fabrics are made with fibers that are solution-dyed with UV-stabilized pigments—so the color stays brilliant over time, despite extended exposure to sunlight.

## **Mold & Mildew Resistant**

All Sunbrella fabrics are resistant to mold and mildew. Should exposure to dirt, debris, sun lotion, or other environmental elements cause mold or mildew to occur, simply spot clean with a bleach solution.
